WHO WE ARE

Welcome to our world

Hello. We're Harvey Jones. Our handmade designer kitchens have brought joy to thousands of homes across the UK and beyond for over 45 years.

In that time, we've established a reputation for exceptional craftsmanship, wonderfully stylish design, and a genuinely collaborative approach to helping our clients create the one-of-our-kind kitchen of their dreams.

Blending style and substance with flawless hand-painted finishes, our bespoke kitchens and spaces are made to be loved – and lived in – for years to come. A lifetime, in fact. That's thanks to the top-quality nature of the materials we use, shaped by the unparalleled knowledge and artisanal skill of our craftspeople. Everything we make is expertly made by hand in

our Cambridgeshire workshop, using the finest quality materials. The result? Durable, beautifully made furniture, crafted just for you.

We want the experience of investing in a new kitchen to be not only easy, but also stress-free. That's why we offer a complete end-to-end-service – covering everything from design and manufacture to installation and product support – so you can rest easy knowing that your project is in the very best hands.

Individually crafted. Designed for life.
That's the Harvey Jones difference.

Over 45 years of exceptional home design

Born from a passion for exceptional craftsmanship and design, the Harvey Jones story began in 1977.

Though our beginnings were somewhat humble – making furniture in our founder's garden shed – it wasn't long before word got out about our hand-made kitchens. Demand soon soared, leading us to open showrooms in Fulham, Battersea, Leamington Spa and Stratford-upon-Avon.

Over the years that followed, we honed our skills, elevating crafts such as cabinetry and joinery to a fine art. We've grown into a leading home design company with 26 showrooms nationwide. Our collection has expanded to include six top-notch designer ranges, and we also offer a wealth of designs that enrich the home in areas beyond the kitchen. What's more, our knowledge of colour is second to none.

Though our business has evolved to keep up with the times, some things never change. Just as the kitchen is the heart of the home, beautifully crafted design remains at the heart of what we do. Our kitchens were handmade then, and they're handmade now.

Live life in full colour

Everything has a colour – and in turn, colour affects everything, from light and texture to look, feel and mood. So when it comes to home design, picking the perfect colour is one of the most important decisions to make.

Luckily, colour is an essential aspect of what we do. There's nothing we like more than enriching a space with beautiful shades, painted by hand for a flawless finish. In our 45-year heritage we've built a reputation as the market's leading colour expert, and we hand-paint more kitchens every year than any other brand in the UK. Our clients can also choose any colour they like – the options are (literally) endless.

We've made it our mission to inspire clients with what we call 'colour confidence' – in other words, the courage to explore the true possibilities of colour. By making bolder colour decisions, your individual design vision will be even more unique.

And we're not stopping there. Plans are in the works to take our colour offering to new (and even more exciting) heights...

BEYOND THE KITCHEN

Our vision for the whole home

Though we've made a name for ourselves with exceptional, individually crafted kitchens, our ambition goes much further – beyond the kitchen, in fact.

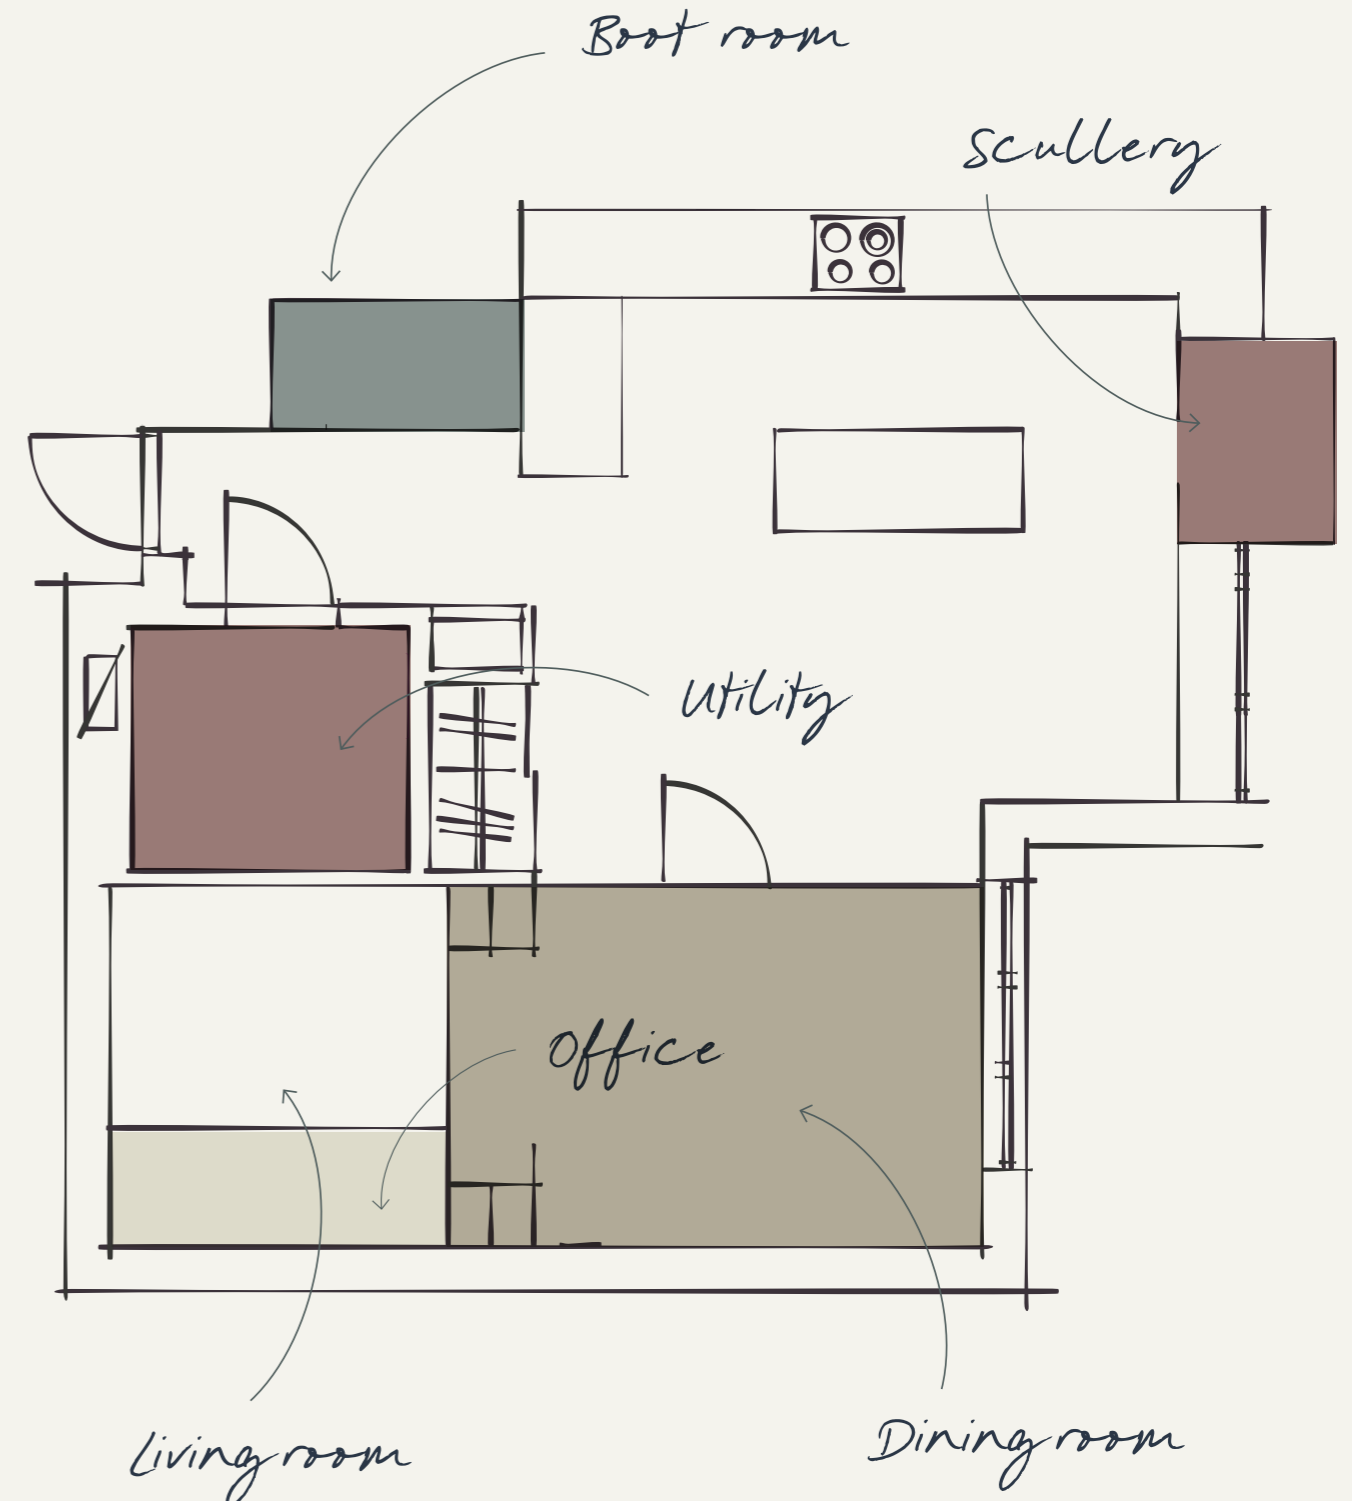

Initially focusing on spaces adjacent to the kitchen, in recent years we expanded our range with stylish, yet functional design concepts for utility rooms, laundry areas, boot rooms, and dining rooms.

Now we can elevate any room of the home with thoughtful design, flawless function, and beautiful bespoke furniture.

We want to bring that same feeling of happiness in your Harvey Jones kitchen to every room.

Just like our cabinets, each design is made by hand to meet our signature high standards, combined with endless colour choices and personalisation options. With a Harvey Jones home, the sky really is the limit.

Passionate artisans with world-class skill

The art of crafting beautiful handmade kitchens
requires skill, experience, and attention to detail
– but above all, a truly talented team.

THE HARVEY JONES FAMILY

We believe that a company is only as strong as the people behind it, which is why we're proud to champion some of the finest makers in the business.

Encompassing designers, carpenters, joiners, painters, and beyond, over 25 talented craftspeople are involved in the production of every Harvey Jones kitchen. Each an expert in their field, with passion matched only by their skill, it's thanks to our family of artisans that we've built an international reputation for enduring quality and exceptional design.

Traditional craftsmanship, locally made

HANDMADE
IN THE UK

Whether the commission is a whole kitchen or a single piece of furniture, all Harvey Jones designs are 100% handmade.

To ensure that each and every project meets our exacting high standards, we founded our own workshop here in the UK.

There, our skilled family of artisans transform solid, sustainably sourced wood into stylish, long-lasting furniture. We know that the human touch is what elevates a design from acceptable to exceptional, which is why our team

is proud to uphold the traditions of handmade craftsmanship.

Our tried-and-tested joinery techniques, applied to materials and finishes of the highest quality, are guaranteed to stand the test of time. What's more, all designs are made to order, allowing us to tailor-make creations that are as individual and unique as you are.

DESIGN ACCESSORIES

Hand-painted designs

The luxury of an artisanal finish.

As part of our bespoke approach and handcrafted ethos, we take pride in meticulously hand-painting our furniture as standard. Because colour, quality, and a flawless finish are elements at the heart of what we do, we know how much of a difference an artisanal paint application will make to a space.

Whether you've chosen a single piece of furniture or a whole-room design, we'll hand-paint our creations in any colour you like. Our expert team can also hand-paint designs within your own home, ensuring a flawless, showroom-quality finish, every time.

Designs for a greener future

As passionate as we are about the craft of handmade furniture, we're also mindful about our planet. That's why we're always thinking up new ways to help minimise our impact on the environment, to safeguard a greener world – and fairer future – for everyone.

Harvey Jones is a proud partner of Used Kitchen Exchange, a Certified B Corp company dedicated to save carbon and trees by selling unwanted kitchens.

Here are the first six sustainable practices that we've committed to so far:

1

All our timber is **sustainably sourced** from responsibly managed forests

2

We regularly **review** our supply chains to maintain best practice.

3

Our UK-based workshop gives us complete control over manufacturing, whilst also **reducing transport emissions**

4

We have launched **extensive recycling schemes** in our workshop

5

Our production processes are closely monitored to **minimise raw material waste**

6

During delivery, our kitchens are traditionally blanket wrapped to **reduce the use of wasteful packaging**.

REFURBISHMENT SERVICE

Helping your kitchen evolve over a lifetime

When we say our kitchens are built to last, that's exactly what we mean. When you choose Harvey Jones, you're investing in a design for life.

From materials and construction to installation, the guaranteed quality of our bespoke furniture makes it exceptionally durable. This reduces both the use of raw materials and the add to landfill, as our designs will last for years to come without the need for replacing.

Of course, we do understand that your tastes – and needs – may change over the years. That's why we established a dedicated refurbishment department

to help you update your kitchen if you decide to make changes. Whether you want to repaint, re-style, or even refresh and build on the entire design, our experts can guide you through the process.

What's more, because we handcraft our cabinetry, none of our kitchen styles will ever be discontinued. You will always have the option to refurbish your Harvey Jones kitchen – and that's a promise.
