WELCOME

# Hello, we're Harvey Jones

We create spaces you'll love. For their design, functionality and quality. Forever.

We are your trusted design partner, bringing our expertise to your project.

Whether you're designing a kitchen, utility space, boot room, or any other room in the home, we take time to understand your vision, the needs of your project, your style and budget before bringing the Harvey Jones magic into your home.

Everything we do is anchored in quality. From our inspiring design conversations, to our meticulous fitters and every element in between.

Every cabinet is made by hand using tried-and-tested techniques, along with over 47 years' experience, to ensure a perfect finish in your home.

So discover our world. Browse our seven cabinetry designs, be inspired by the stunning kitchens we've created and start dreaming of your own Harvey Jones project.

Designed for life, built for living.

**That's the Harvey Jones difference.**

## Discover our designs

With classic and contemporary ranges to choose from, we can create a space just for you.

From timeless Shaker, Arbor, Original and Hampton to contemporary Linear, Linear Edge and Hove, our seven inspiring designs mean there truly is a Harvey Jones that works just for you.

Our designers will partner with you to create a space that's tailored to your style, personality and lifestyle. Whichever design you choose, your cabinetry is built to last, so you can be confident that your unique new space is designed for life.

Design: Arbor

## Shaker

Combining relaxed charm with classic good looks, our timelessly stylish Shaker design is as sought after now as it was when we first introduced it 35 years ago.

Designed to entertain  
all year round

## SHAKER

Whether you live in a rustic cottage or a high-rise apartment, this refreshingly versatile kitchen is sure to fit right in with your home.

these doors on page 69

## Arbor

Refined and contemporary, the sophisticated Arbor is characterised by thoughtful design, clean silhouettes and subtle detailing. It combines the simplicity of the Shaker with added detail to create an elegant look.

Inspired by the natural surroundings, this country retreat brings the outside in

There is nothing else quite like Arbor, its elegant carved detail is quite simply unique.

A space for the whole family to gather

## Original

Ornate and distinguished, our Original kitchen will add a dash of character to your home. Because of its traditional aesthetic, this design is a popular choice for Edwardian or Victoria-era properties.

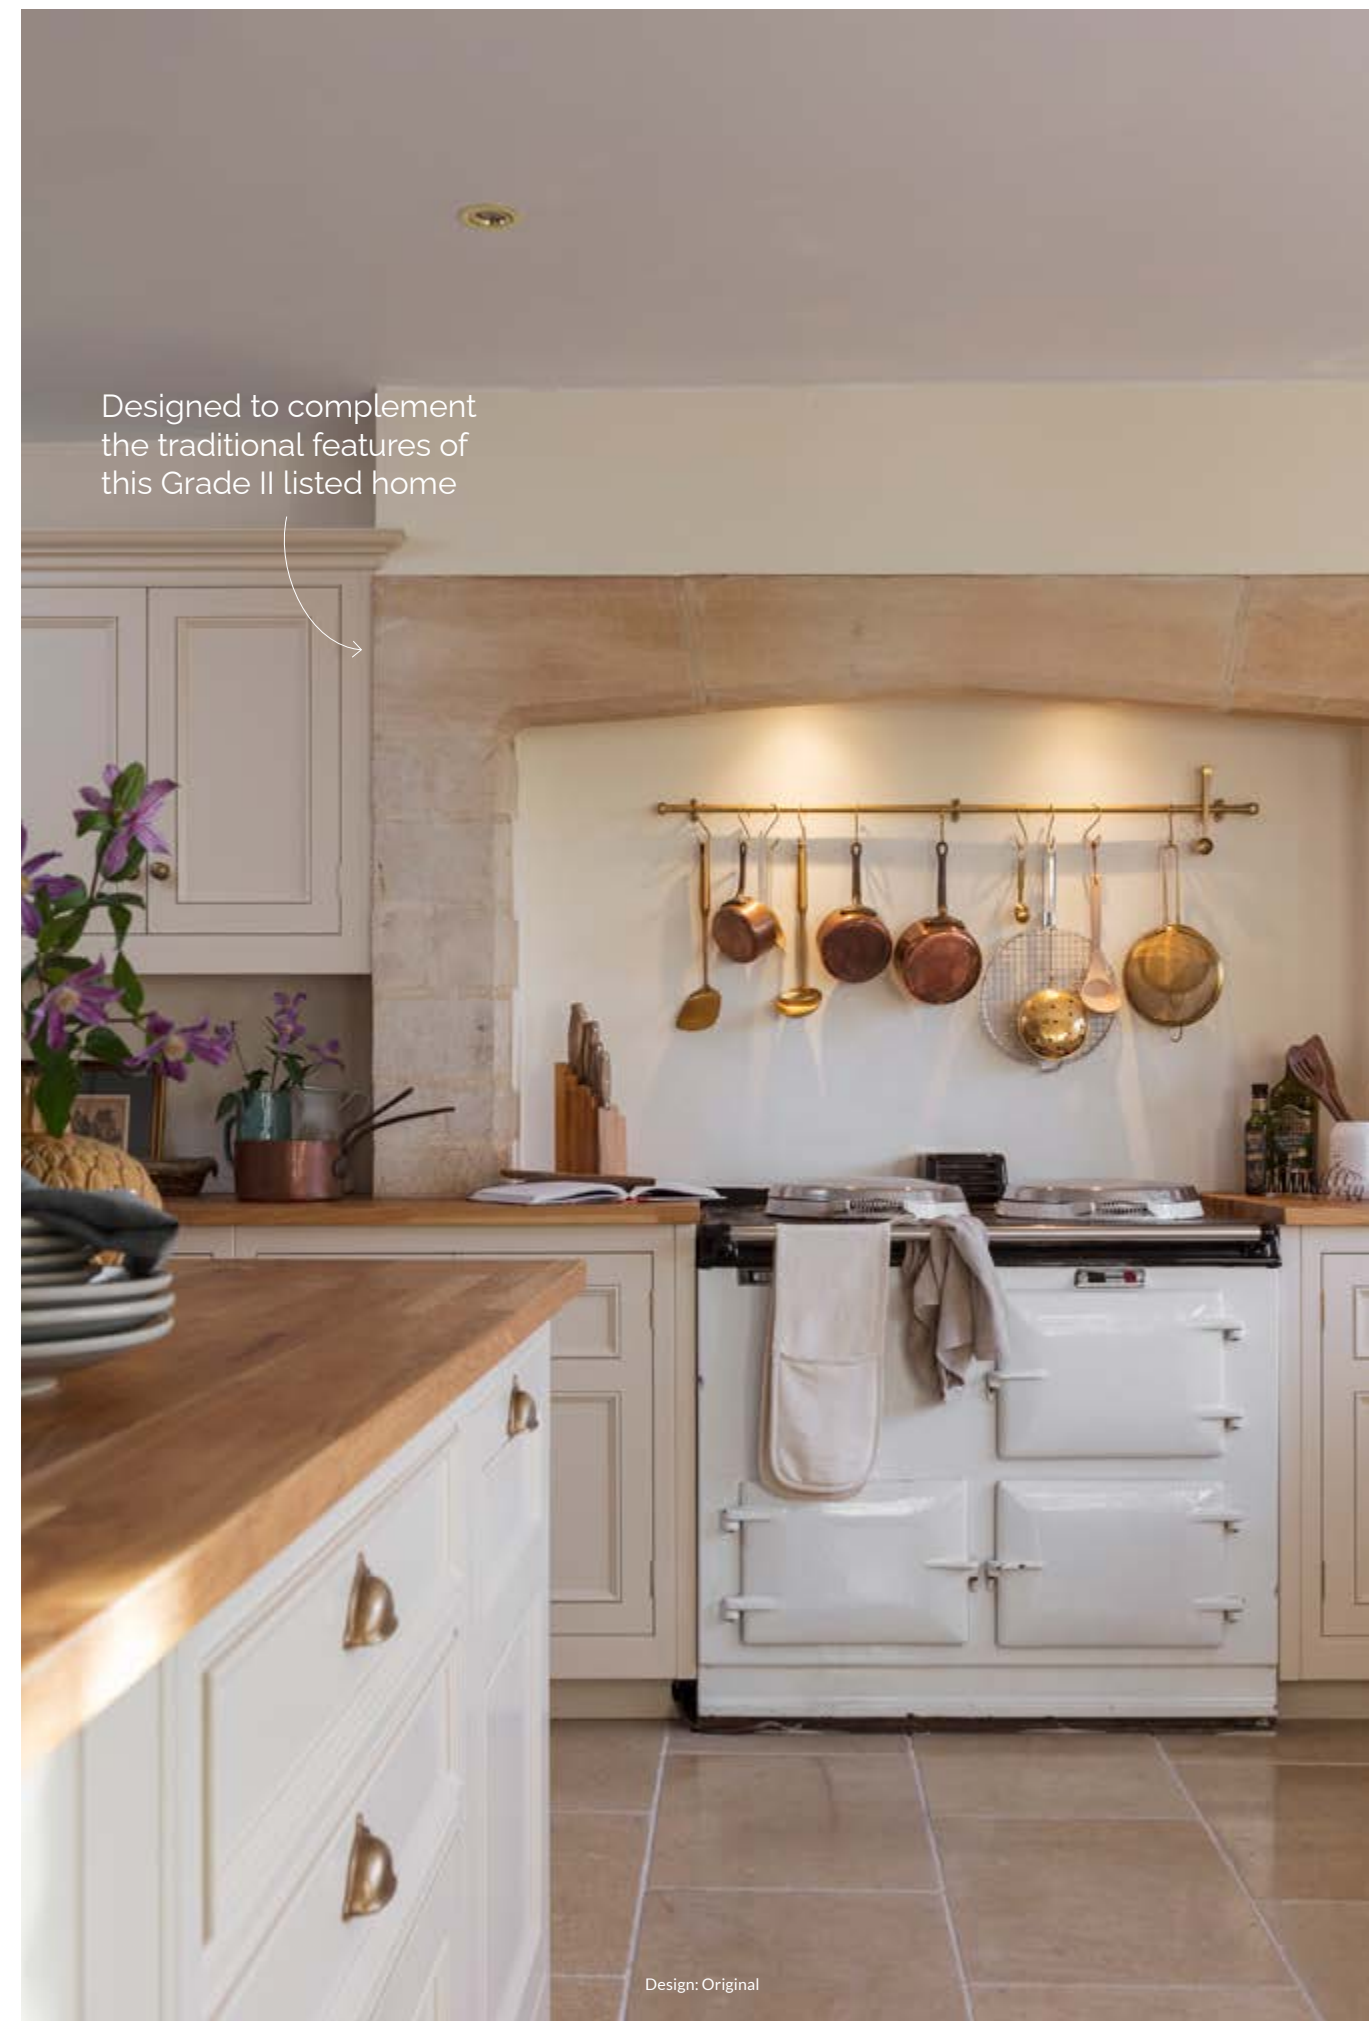

ORIGINAL

Inspired by Shaker but with a slimmer profile frame, our Original also features additional detailing for an enduringly timeless quality.

# Hampton

The Hampton is a contemporary take on our classic Shaker design, featuring a slim profile complemented by clean-lined panelling.

Available in a curated palette and selection of finishes

Design: Hampton

## HAMPTON

Crafted with versatility in mind, the highly adaptable Hampton design is available in a shorter lead time for those looking for quick delivery and installation.

Every Hampton cabinet can be painted in any colour from our curated offering. Complemented by a selection of 20mm quartz surfaces and stylish hardware in a variety of finishes, so you can create a unique look for every space in your home.

## Linear & Linear Edge

Striking in their simplicity, Linear and Linear Edge are among our most contemporary designs. The award-winning Linear offers a sleek, stripped-back aesthetic, serving as the ultimate blank canvas to showcase your bespoke design choices. For an even more streamlined look, Linear Edge removes handles entirely, creating a supremely clean-lined aesthetic. Both designs can be tailored with clever storage solutions to suit your space perfectly.

Though modern in appearance, Linear is crafted using our time-honoured handmade construction techniques.

# HARVEY JONES × SWOON

Hove is the first Harvey Jones x Swoon kitchen and launches our range of design-led contemporary kitchens for the home obsessed. Together, our expert designers have created a modern kitchen defined by the distinctive Swoon clean lines and texture, combined with the renowned Harvey Jones quality.

The reeding provides a rich texture, inviting you to run your hand along its surface

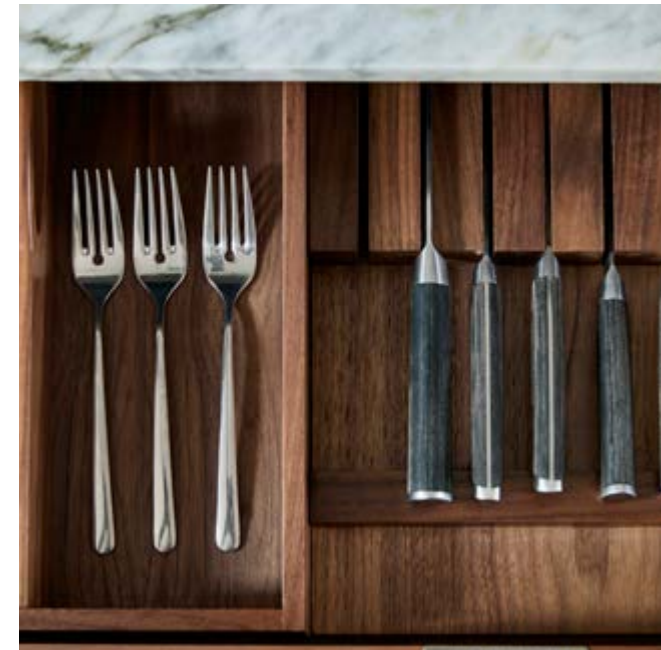

The Hove is available in a choice of cabinet fronts – reeded and smooth – creating a seamless look that functions exceptionally and can be customised to your needs.

Hove is available in a curated palette of six fresh paint colours, with a complementary range of quartz worktops and hardware to choose from. Every finish celebrates the textural impact of our cabinetry, and each has been hand-selected to work harmoniously with one another so you can be confident whichever combination you select.

## Creating a space for everything

In an exceptional kitchen, style isn't everything – function is just as important, which is why our kitchens work as beautifully as they look. Whether you want a display to show off your wine collection, a space to safely store cookbooks, or some clever ways to conceal groceries, we've got a storage solution to match. Fully customisable to suit your needs, our thoughtful designs make life easier.

## A Harvey Jones Home

More than kitchen experts, our team of experienced designers are on hand to transform your home into a seamless living space for the whole family to enjoy.

We know the kitchen is the heart of the home, but imagine adding a touch of Harvey Jones magic to other spaces.

Your utility room, boot room, office, living room and more could all be transformed with our thoughtfully designed, beautiful bespoke furniture and clever storage solutions.

If you're passionate about cooking, our hardworking walk-in pantries are a dream come true, or if you love to entertain we can create a bespoke bar concept just for you. And who doesn't want a separate space to hide muddy boots, sort laundry and store guest linens?! Wherever you choose to start our cabinetry can make your home super organised and elevate your space.

Before

## Helping your kitchen evolve over time

Our kitchens are built to last, but we know your tastes, or needs, may change. That's why we offer a complete refurbishment service so you can rejuvenate your kitchen in years to come.

From materials and construction to installation, the guaranteed quality of our bespoke furniture makes it exceptionally durable. This means our designs will last for years without needing to be replaced, reducing both the use of raw materials and the add to landfill.

Of course, we do understand that your style preferences – and needs – may change over the years. That's why we have a dedicated refurbishment department to help you update your kitchen. Whether you want to repaint, re-style, or even refresh and build on the entire design, our experts can guide you through every step of the process.
